THE IRIS PATCH IS FOR SALE!

This great business has been operating in Orange for well over 40 years with generations of people still enjoying the wonderful gifts, knick-knacks, home furnishings, tableware and much more.

For sale is the business only, and the landlord would be happy to assign a new lease to the new owners.

Its prime location next to Orange City Centre in Anson Street ensures there is always lots of foot traffic, and the pedestrian crossing coming from Woolworths brings people right to the front door.

Trading figures have been prepared up to end December 2017; the business has been trading very well and is on the market at a realistic price.
